CERTIFICATE OF TRANSMISSION

3. The deposited cDNA molecule is the same cDNA molecule described in the application.

4. With respect to the permanence of the deposited DNA molecule, the depository is an official depository, in accordance with the Budapest Treaty for the above deposited molecule.

5. I affirm that should the deposited molecule mutate, become nonviable or be inadvertently destroyed, applicants will replace such deposited molecule for at least 30 years from the date of the original deposit, or at least five years from the date of the most recent request for release of a sample or if the life of any patent issued on the above-mentioned application, whichever period is longer.

6. With respect to the availability of the deposited molecule, I affirm that the deposit has been made under conditions of assurance of (a) ready accessibility thereto by the public if a patent is granted whereby all restrictions to the availability to the public of the culture so deposited will be irrevocably removed upon the granting of the patent (M.P.E.P. 608.01(p)), and (b) access to the deposit will be available during pendency of the patent application to one determined by the Commissioner to be entitled thereto under 37 C.F.R. 1.14 and 35 U.S.C. 122.

7. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
